It is the thought that counts when coming up with a gift for a woman. Whether she is your girlfriend, wife, mother, daughter, niece, all appreciate a gift. Just the act of placing the gift inside wrapping paper, makes it special. It doesn't have to be expensive. Remember, it's the thought that counts. So, according to the best-selling author John Gray, of *Women are from Venus, Men are from Mars*, it is better to give a dozen roses over 12 times, rather than give a dozen roses at once and then not giving a gift ever again. The women in our lives are really special and they make life on this earth a heaven to live in and they should be appreciated. Another author put it this way, that in order to be treated as a king in your home, treat your woman like a queen.

So may this guide prove to be very helpful, picking out that special gift. Remember, you can't go wrong! When you give love and appreciation, the universe, god, or any other way you can describe it, returns that feeling in abundance.
